

ASTHMA IN MARION COUNTY

Produced by the S.C. Department of Health and Environmental Control for Asthma Awareness Month

May 2003

Impact of Asthma in the United States

- U.S. asthma lifetime cases more than doubled from an estimated 6.7 million to 31.3 million between 1980 and 2001.
- Costs for asthma have almost tripled from an estimated \$6.2 billion in 1990, to over \$16 billion in 2001.
- Five million U.S. children are asthmatic, more than the entire population of South Carolina.
- 4,222 people died of asthma in 2001.
- In 2001, there were 47 asthma hospitalizations of children (<18 years) in Marion county.
- Healthy People 2010 Objective for asthma hospitalizations among children under age 5 years is 25 per 10,000 children.
- Marion county had a rate of 106 per 10,000 children under the age of 5 in 2001, compared to South Carolina's 65 per 10,000 children.

Asthma in South Carolina

- Annually about 264,000 South Carolinians suffer from asthma.
- In 2001, 1.2% (5,785) of ALL hospitalizations were for asthma.
- Asthma claimed the lives of 77 South Carolinians in 2001.

Impact of Asthma in Marion County

- About 2,217 (6.3%) adults in Marion county suffer annually from asthma.
- In 2001, there were 123 hospitalizations for asthma in Marion county for all ages.

Children Suffer the Most from Asthma

- Asthma/Bronchitis is the leading cause of hospitalization in Marion county for children under the age of 18.

Comparison of Asthma Hospitalization Rates, Children Aged 0-5, Marion County, 2001
